

UPCHURCH RIVER VALLEY GOLF COURSE – CORONAVIRUS, COVID19

Following the recent announcements made by the government, currently all facilities - Golf Courses and both the Poolside Bar & Rivers Restaurant - remain open.

We have however cancelled all Music Events in the Poolside Bar & Courtyard until the 25th April 2020 - we will continually review this over the coming weeks along with events booked after this date and update you as any changes arise.

We are following the advice and guidance from Public Health England & the Government and have adjusted our seating layouts in the Poolside Bar & Courtyard and Rivers Restaurant to support 'safe social distancing' These measures will be reviewed and updated in line with ongoing guidance and advice from Public Health England.

We have also implemented reduced opening hours with immediate effect. Our revised opening hours are displayed at the front entrance, the Pro Shop and the Poolside Bar. Please be advised that this is subject to change at short notice.

As per the guidance, we have advised all our Staff Members to self-isolate and not attend work should they display symptoms including a temperature and persistent cough and ask the same of our customers.

We would like to assure our customers that our team are continuing to maintain the highest levels of hygiene & cleanliness across all aspects of daily working practices.

We will update you of any changes made to the current guidelines and action them immediately.

Thank you for your continued support.

David & William Barling
Directors
